Each pupil will be tested annually in English and in Mathematics or more frequently if required. Sometimes it may be necessary both to examine at more frequent intervals and to examine other subjects in the curriculum.

The results of these tests are available on request from the class teacher. The purpose of these tests is the evaluation of the individual student performance and needs. They are not for the purpose of making comparisons between students or between classes.

A written report on each student will be sent home at the end of the school year.
